

THE 2008-09 AREW BOARD OF DIRECTORS AND SPECIAL COMMITTEE MEMBERS

Jennifer McCool, Ruth A. Agnese, Marie-Claire Cunningham,
Suzanne Kliegerman, Rebecca M. Mason and Michele Medaglia

are pleased to announce

AREW is the Newest Chapter of CREW Network

After a thorough review and vote of approval by the boards of both organizations, AREW has become the newest chapter of Commercial Real Estate Women (CREW) Network.

CREW has more than 8,000 members in 68 chapters across North America (including Canada) representing every discipline within the commercial real estate industry and is the industry's foremost advocacy group for women in commercial real estate.

AREW was approached by CREW, suggesting an affiliation, based on an alignment of core values, mission, goals and programs including industry recognition as supporters in promoting the success of women real estate professionals, emphasis on business education and networking, membership diversity and charitable works including scholarship endowments.

What does this mean to you as an AREW member?

In addition to maintaining all of your existing benefits, AREW members will also enjoy the following CREW Network benefits:

- Access to the CREW directory of over 8,000 members
- Ability to expand your business platform to a national level

- Opportunity to participate in the annual CREW Network convention and marketplace and attend leadership conferences
- Enhanced educational opportunities to build your business knowledge and skills

AREW will continue to remain completely autonomous (including being separate and apart from CREW's existing chapter known as NYCREW) and there will be no increase in 2009-10 membership dues.

With this affiliation, we have increased AREW's reach, depth, breadth and strength as an industry association. There is tremendous synergy between our organizations and we are excited by the prospects and additional benefits this new affiliation will bring to our membership.

Please contact AREW's first CREW Network delegates with any questions:
